PROFESSIONAL SUMMARY

I'm a Web Developer / Frontend Developer based in Brasília, Brazil. I enjoy creating things that live on the internet, whether that be websites, applications, or anything in between.

EXPERIENCE

React Developer

Jul 22 – May 23

PiniOn, São Paulo, Brazil (Remote).

As a React Developer at PiniOn, I seamlessly juggled app development and marketing tasks within a diverse 30-person team. I spearheaded the creation of new responsive screens, both mobile and web, effectively enhancing the user experience. My innovative bug-solving skills ensured a smooth launch for PiniOn 2.0, establishing it as a groundbreaking crowdsourcing platform in Brazil.

React Native Developer

Sep 20 – Jun 22

Canário Digital, Brasília - Brazil (Remote).

During my tenure as a React Native Developer at Canário Digital, I played a pivotal role in the development of the Petify app, revolutionizing pet consultation management. I collaborated with a tight-knit team of 7, contributing to the creation of captivating screens and essential features. Through my proficiency in React Native and Expo, I helped bring Petify to life, providing pet owners with seamless online consultation services.

Frontend Developer

Sep 17 – Feb 20

Papo Móbile, Brasília - Brazil (Remote).

As a Frontend Developer at Papo Móbile, I demonstrated my prowess by crafting an impressive array of 50 websites with diverse functionalities. My expertise extended from CMS platforms like WordPress to custom HTML5, CSS, and Bootstrap implementations. These visually stunning and SEO-optimized websites showcased my dedication to delivering excellence in design and functionality, enhancing online presence for various clients.
